Science Week

The children have been having lots of fun this week carrying out experiments for Science Week. There have been sorting activities using magnets, growing rainbows, changing the colour of milk, making marshmallow catapults, paper chain challenges, learning about biodiversity in the Amazon and much, much more!

Half Day Closure Reminder

All schools are required to close for a half day to facilitate staff training in the Primary Language Curriculum. We will close at 12 noon on Thursday 25th November 2021. Full details of collection procedures for that day will be emailed to parents.

Covid-19

National case numbers are rising, and with contact tracing in the school setting no longer being carried out, we are urging parents to be extra vigilant and extra cautious. Please continue to follow all Government guidelines outside of the school and follow the Department of Education guidelines on whether your child should attend school.

Music Generation Payment Reminder

Our Music Generation lessons are continuing and the children are enjoying them. Just a reminder that the cost of these lessons are €23 per child. Thank you to all those who have paid this. Reminders will be sent over the coming weeks to those who have outstanding payments. As always, you can talk to Eleanor in confidence regarding the payments. Thank you all for your co-operation.

Parent Teacher Meetings 2021

We are approaching the time of year when we hold our annual Parent-Teacher Meetings. With case numbers of Covid-19 on the rise, we will not be having face-to-face meetings. We will continue with the system we had in place last year. A written report by the class teacher will be sent home to parents via email. Parents will be offered a follow-up phone call with the class teacher if they wish to discuss the report further. The reports will be sent out the week of 22nd – 26th November.
