

Social, Personal & Health Education Policy

Introductory Statement

The staff of Navan Educate Together NS, formulated this school policy for SPHE, in consultation with our Board of Management, as we believe that SPHE is a shared responsibility and their contributions and involvement will be essential to the effective implementation of the SPHE programme in the school. It was drafted and brought to the attention of the Board of Management and parents for approval and ratification.

Rationale

Aspects of SPHE have been taught in our school for many years through various programmes and initiatives such as Stay Safe, Walk Tall, Relationships and Sexuality Education. It has also been taught through integration with other subject areas such as Physical Education, Learn Together, Geography, etc. However, we wish to formalise our teaching of SPHE and plan for it on a whole school basis to ensure compliance with D.E.S. guidelines

Vision

Navan Educate Together NS is an equality based school which up holds the values of the Educate Together ethos, encapsulated in the motto "Learn Together to Live Together".

As primary teachers our aim is to nurture the holistic and harmonious development of our pupils to their fullest potential in accordance with their needs and to encourage them to work collaboratively. We strive to promote a sense of belonging, which is nurtured in an atmosphere of mutual respect and tolerance and supported by a positive democratic environment of discussion, listening and review.

Aims

The children in our school should be enabled to achieve the aims outlined in the SPHE curriculum, which include:

- to promote the personal development and well-being of the child
- to foster in the child a sense of care and respect for himself/herself and others and an appreciation of the dignity of every human being
- to promote the health of the child and provide a foundation for healthy living in all its aspects
 - to enable the child to make informed decisions and choices about the social, personal and health dimensions of life both now and in the future
 - To develop in the child a sense of social responsibility, a commitment to active and participative citizenship and an appreciation of the democratic way of life
 - to enable the child to respect human and cultural diversity and to appreciate and understand the interdependent nature of the two

Context

Strands and Strand Units

As SPHE permeates all aspects of school life, the content outlined in the curriculum should be implemented in a combination of formal and informal approaches.

The content of SPHE programme is presented in the following programmes.

The curriculum is delineated at four levels—infant classes, first and second classes, third and fourth classes, and fifth and sixth classes—and is divided into three strands: Myself, Myself and others, and Myself and the wider world. Each of these strands is further subdivided into a number of strand units or topic areas that contain particular objectives. 3. Integration

Integration with other subject areas and Linkage within SPHE will be developed throughout this programme. Teachers will endeavour to adopt a thematic approach to SPHE by integrating it with other subject areas such as Language (Media Education), Geography (Citizenship), History (Myself and my Family), Learn Together (Human Rights), Visual Arts, Physical Education (Water Safety), etc. Themes/Projects such as Healthy Eating Week, Friendship Week, International Day etc. will also be explored. Some themes will be explored by the whole school community through Assemblies.

Approaches and Methodologies

We believe that the approaches and methodologies used in SPHE are crucial to the effectiveness of the programme. Active learning is the principal learning and teaching approach recommended for SPHE, therefore we will endeavour to teach SPHE using a variety of strategies which include: • drama activities • co-operative games • use of pictures • photographs and visual images • written activities • use of media • information technologies and looking at children's work • circle time • guided reflective time

Assessment

Assessment is a central part of the everyday learning and teaching process in SPHE. It can provide valuable information on the child's progress and on the effectiveness and suitability of the programme and the teaching methods being used. The primary emphasis in this area is on informal assessment. We use the following recommended informal tools for assessment in SPHE:

- Teacher observation
- Teacher-designed tasks
- Portfolios and projects
- Regular reviews of class and whole school procedures and goals
- Self assessment

Children with Special Needs

Teachers will endeavour to adapt and modify activities and methodologies in SPHE to encourage participation by children with special needs. The learning support and resource teachers will supplement the work of the class teachers where necessary. We will liaise with trained professionals/appropriate agencies, where appropriate, when dealing with sensitive issues e.g. bereavement, to ensure that the children involved are fully supported. Through assessment, observation and discussion with parents we strive to identify and meet individual needs.

Equality of Participation and Access

We recognise and value diversity, and believe all children are entitled to access the services, facilities, or amenities that are available in the school environment. Navan Educate Together NS is under the patronage of the Educate Together body. Our ethos is based on the four principles of Educate Together i.e. co-educational, equality based, democratic and child-centred.

We will endeavour that all children will be given appropriate support to ensure equality of access and participation in the SPHE programme.

Students are included in the democratic process through activities and groups such as the Student Council. Children are also involved in developing rules for the classroom.

- Buddy System
- Split classes – where appropriate
- Social skills modelling skills. Pro-social skills.

Community Links

We believe that the local community has a very important role to play in supporting the programme in SPHE and endeavour to liaise with the members such as the new parent, Dental Hygienist, Health Nurse, Fire Fighter, Garda, Vet, Sports clubs etc.

Success Criteria

The success of this plan will be evaluated through teachers' planning and preparation, and if the procedures outlined in this plan have been consistently followed. We will also judge its success if the children have been enabled to achieve the aims outlined in this plan. We will know it has achieved its aims if the pupils:

Parents have a right to withdraw children from aspects of the RSE programme (cf Role of Parents, RSE Policy).

Role of visitors

It is the duty of the teacher who organises the visit to ensure the suitability of the visit to the programme and the school. Teachers will remain with the class for the duration of the visit. Principal must be informed in advance of all visiting speakers and the content of their presentation.
